

Second Grade Timeline Project

Second graders will be creating timelines of their own lives in class, as a part of our social studies curriculum (SS 2.1.3 - Place important events in their lives in the order in which they occurred (e.g., on a timeline or storyboard).

To do this, we are asking for your help in determining FIVE important events in your child's life, starting with their birth date. Other ideas include: getting their first tooth, saying their first word, learning to walk, starting school, the birth of a sibling, getting a pet, moving houses, a big vacation, etc. These events need to be something that is significant in your child's life. Make sure to put the date (just the year is fine if that is all you have) next to the event. The space for this is on the back of this form.

Your child will be drawing pictures to go with the timeline events, or you may send in pictures for them to cut and glue down if they/you would prefer. Please return this form (and pictures if you would like to add them) by January 24th. Thank you!
